Any Alumnus or friends having catalogues for the above-named years, or programmes of Commencements, or names of graduates of any year previous to 1858, will confer a favor on the Alumni Association and our Alma Mater by forwarding the same to Prof. B. O. WHITE, Williamsport, Pa., in order that names may be added to the list.

COURSES OF STUDY.

In order to meet the wants of a larger class of Students three Courses of study are provided. The Normal English is designed to meet the increasing demand for teachers in our Common Schools, and is heartily commended to young ladies and gentlemen who desire thorough instruction and drill in the English branches. To those who complete this course a Diploma, expressing the scholarship attained, will be given.

The course in Science and Literature is intended to give wider culture and more thorough mental discipline. It differs from the Classical Course mainly in that it omits the Greek Language entirely, and makes Latin elective with German or French during the first two years.

Young ladies will be allowed to substitute Drawing and Painting, or Music for Analytical Geometry and Calculus. Before entering upon this course the Student must be thoroughly acquainted with the Common English branches.

The Classical Course is much more extensive than is ordinarily pursued at Seminaries. It will compare favorably with the Curriculum adopted by our best institutions of learning. We offer it with entire confidence to young men who are preparing for professional life, and also to young ladies who aspire to superior intellectual culture. The preparation for this Course is a thorough knowledge of the studies embraced in the first year of the Normal English Course, with Latin, Grammar and Reader.

Young men desiring to enter the lower or higher classes in College are allowed to take such studies as they need for that purpose.

NORMAL ENGLISH COURSE.

This Course is designed to accommodate young men whose time for school is limited, and especially those who are preparing to teach in our Common Schools. A *Diploma* will be given to those who complete the Course.

ORNAMENTAL BRANCHES.

DRAWING AND PAINTING.—This department receives liberal attention. Superior facilities are furnished, under a competent Instructor, exclusively devoted to this department, for the study and practice Linear and Perspective Drawing, Pastel and Monochromatic Painting, Painting in Oil and Colors, and Portrait Painting in Crayon and Oil.

MUSIC.—Music receives special attention.

The ladies are allowed to substitute these branches, together with German and French for some of the higher studies in Mathematics and for the Greek Language.

The classes in Mensuration, Leveling and Surveying, are practiced in the use of the Quadrant and other instruments, and in Plotting.

In the department of Ancient Languages, the classes are practiced in oral and written exercises in Latin and Greek, throughout the course.

Lectures will be given from time to time in the various departments.

Special attention will be given to those who may wish to prepare themselves for the important duties of teaching.

A Biblical Class will also be formed for the benefit of such as have the Ministry in view.

LOCATION.

WILLIAMSPORT is one of the most beautiful and healthy places in the State. It has never been subject to epidemics of any kind. Many coming to the School sickly have returned fully restored. The location is central and accessible from all quarters. Railroads bring us within a few hours ride of Elmira, Lock Haven, Erie, Danville, Pottsville, Harrisburg, Hollidaysburg, Philadelphia, Baltimore and New York. No more desirable position for a Seminary of Learning can be found.

ORGANIZATION.

The School is organized on the most approved plan of the best institutions of New York and New England. It embraces both sexes, under the same government and instruction. The members of the Faculty occupy apartments in the building, eat at the same table, and have constant oversight of all the Students.

The Ladies' private and public rooms are entirely separate from the others, and there is no association of the sexes but in the presence of their instructors. *The Ladies and Gentlemen have less freedom of intercourse here than at home.*

The happy influence, *mutually exerted* in their slight association in the recitation room, at the table, and in the public exercises of the chapel, is to be seen in the cultivation of a cheerful and animated disposition, in the formation of good habits and manners, in ardent devotion to study, and in the attainment of high moral character. These, with many other valuable results, have established the fact that the best plan for a school is, according to the evident design of Providence in the constitution of society, on the basis of a well regulated Christian family.

ACCOMMODATIONS.

The Buildings will accommodate (two in a room) over two hundred Students. They are brick, heated by furnaces in the cellar, and supplied with water. The rooms are large and well ventilated. In the entire arrangement of the buildings great care has been taken for the comfort and health of the occupants. The grounds contain about five acres, affording sufficient room for exercise and play.

EXPENSES.

By the following list of prices it will be seen that our total charges are quite as low as those of any institution of the like grade in the State, not excepting those schools in which cheap scholarships have been sold. We desire to place the cost of education at the lowest point possible, and thus afford to the masses sound intellectual and moral culture. Board, including washing, (10 pieces,) room and furniture, per week, \$3.80; per year of 40 weeks, \$152.00. Students attending a part of a Term will be charged at the rate of \$4.00 per week. Fuel for Fall and Winter Terms, each \$3.00. Spring Term, \$2.00.

Five dollars must be left on deposit, on entering, to cover damages that the Student may do to room or other property. This will be returned when the Student leaves, in case no injury has been done to room or property.

TERMS AND VACATIONS.

The Seminary Year is divided into three unequal terms, as follows:

	COMMENCES.	ENDS.	VACATION.
FALL TERM,	August 26, 1875.	December 15.	3 weeks.
WINTER TERM,	January 6, 1876.	March 31.	None.
SPRING TERM,	March 31, 1876.	June 23.	9 weeks.

TERMS OF ADMISSION.

1. The Student must be well recommended as to moral character. The School is not designed to be a House of Refuge.
2. Must arrange with the Treasurer all bills before attending recitations.
3. Must take at least four studies, unless excused by the Faculty.
4. Minors must deposit with the President all spending money, to be returned in such amounts as he may think best.
5. Must agree to comply with all the rules and regulations of the School.

N. B.—Each Student will be considered a member of the Institution until due notice shall have been given of intention to leave, and permission obtained of the President.

ROOMS AND CLOTHING.

The rooms are furnished with all heavy articles, but the Students must bring their own sheets, (for double beds), pillows, pillow cases, blankets, counterpanes and towels, and find their own brooms, mirrors, coal oil and lamps.

Students should be supplied with warm, durable clothing, heavy boots and shoes, an umbrella, and a pair of slippers to be worn while in the building. *All articles of clothing should be carefully marked with the full name.*

APPARATUS.

The Seminary is furnished with a collection of apparatus, together with full sets of Globes, Maps and Charts, and a Cabinet of Minerals, thus affording facility for illustration and experiment.

DISCIPLINE.

The discipline is firm, but mild and impartial. While every encouragement will be given to the orderly and studious, and due allowance be made for youthful indiscretion, yet the lawless and refractory cannot long remain among us.

RELIGIOUS SERVICES.

Every Student is required to attend religious services daily, as well as public worship, morning and evening, every Sabbath, *at such place as parents or guardians may designate*, the President assenting.

N. B.—Each Student must be supplied with a Bible, to be read *without note or sectarian comment*, in the services of the Chapel. The whole school read in concert.

LITERARY SOCIETIES.

Besides the regular weekly exercises in Composition and Declamation, there are three flourishing Literary Societies in the Institution: the "Belles Lettres," "Gamma Epsilon," and "Tripartite Union," each of which prepares and reads to the School a paper once a month. About 2,250 volumes are in the Societies' Libraries.

MERIT AND DEMERIT.

A strict weekly record is kept of all the exercises of the School, from which record the Students will be graded.

A record of demerits is also kept. Tardiness, unexcused absences from required exercises, and all disorderly conduct, will subject the Student to demerit marks. Ten such marks bring a private reproof before the Faculty; twenty a public reprimand before the whole School; and thirty may send the offender away. Sessional reports are sent to parents when requested.

A WORD TO PARENTS.

1. ~~Try~~ Try to have your children here on the first day of the term, *but not before*, as we will not be ready to receive them. The classes are on the second day formed, and it will be better for all concerned that the Student starts regularly with his class.

2. If possible do not call them away during the session. Absence, if only for a few days, disarranges the class, and is generally the beginning of irregularity on the part of the scholar.

3. Do not allow your children to leave the school before the examinations, unless it cannot be avoided. Serious inconvenience, to all concerned, often arises from a neglect of this caution.

4. Supply them *very sparingly* with spending money. Parents cannot be too cautious on this point.

5. Select for your child one of the Instructors, as a patron, to distribute his funds. In this way a more judicious use of your money will be made, and your child will be kept from many temptations.

~~Students~~ Students not boarding in the Institution must observe the following additional rules:

1. Attend Daily Prayers.
2. Must attend all the Seminary Exercises punctually.
3. Must spend the intervals between recitations in the Study Hall.
4. Must account for all absence by written excuse without delay, time and number of recitations being specified.
5. Must not visit the rooms of boarders without permission.

BY-LAWS.

1. During the hours of study the students shall not be unnecessarily absent from their rooms.
2. At the time appointed to attend prayers, recitation, lecture, or other exercise, each student shall repair *quietly and promptly* to the place designated.
3. At no time shall any student loiter in the halls or about the doors, or indulge in jumping, wrestling, loud talking, whistling, or any other unnecessary noise, or soil the building with tobacco.
4. The students shall not be absent from their rooms at night after the hour of study indicated by the ringing of the bell, nor shall they attend parties or mixed assemblies without permission from the President; nor shall they at any time visit taverns, eating-houses, or other places of public resort, or on any occasion indulge in the use of intoxicating liquors.
5. All profane and indecent language, playing at games of chance, injuring the property of the Institution or of citizens, quarreling, fighting, the carrying of fire-arms or other dangerous weapons, are strictly forbidden.
6. No student shall leave the limits of the town for a longer time than one hour without permission from the President.
7. Each student will be held strictly accountable for any damage he or she may cause to the Seminary property. Damages by unknown parties may be assessed on the school.
8. The Teachers must, at all times, have access to the students' rooms, and if it be judged necessary, the rooms will be cleaned at the expense of the occupants.
9. Cleanliness of person and of apparel, and a gentlemanly and lady-like deportment must be observed by all.
10. No water, dirt, or other material, shall be thrown from any window in the buildings, or down the hot-air flues, or in the halls after they have been cleaned.
11. Students must have their rooms swept and in order, and their lights extinguished at the established hours.
12. No student will be allowed to go bathing, skating, fishing, gunning, or riding, without permission.
13. The students must not visit the kitchen, dining-room, or any other room, except their own, without permission.
14. The Sabbath must be strictly observed by all. No walking about, visiting or receiving visits will be allowed. All must attend public worship twice during the day.
15. No lady shall, at any time, receive calls from gentlemen at her own room. Friends from a distance can see the ladies in the parlor.
16. The young ladies will not be allowed to leave the Seminary grounds, at any time, without permission; and the gentlemen will be restricted at the discretion of the Faculty.
17. No student shall change his or her room, or boarding place, without special permission from the President.

18. No student will be permitted to leave the school during the session without an express request from the parent or guardian, made to the President, and without the consent of the Faculty.
19. Any student who, without just cause, shall fail to attend the examinations, will be considered under censure.
20. Permission to be absent from any exercise must be obtained, if possible, before the absence occurs.
21. No student will be permitted to leave any class without the consent of the Faculty.
22. The ladies and gentlemen must not visit each others apartments, walk or ride together, without permission, nor converse together from the windows.
23. Students from the neighborhood will not be permitted to visit home at such times as will interfere with the regular exercises of the school.
24. Any offending student may be punished, according to the nature of the offence, by private or public reproof, suspension, dismissal, or expulsion.
25. Students dismissed or expelled must leave the premises at once.
26. None but students can attend the Society meetings, nor shall the Societies meet together, unless by express permission of the Faculty.
27. No special meeting of the students shall be held at any time, nor shall any meeting of the students or Societies continue later than 10:30 o'clock P. M., without permission of the President.
28. All persons visiting students in the Seminary will be required to conform to the rules adopted for the government of the school, and in case they remain longer than three days will be charged for boarding at the published rates.
29. Any temporary prudential regulation, for the government of the school, that the Faculty may see fit to adopt, shall be equally binding with these By-Laws.
